214 S Main St
PO Box 43
Bazine, KS 67516-0043

Dear City of Bazine,

The Scrap Metal Dealer Registration Unit of the Kansas Attorney General's Office administers and implements the Kansas Scrap Metal Theft Reduction Act ("The Act"), which requires scrap metal dealers to register with the Kansas Attorney General's Office.

Recently, our unit has been focusing on increasing public outreach in order to educate consumers and dealers on the requirement for scrap metal dealers to register. In order to more efficiently provide education to consumers, we created a brochure explaining the Kansas Scrap Metal Theft Reduction Act. The brochure includes helpful tips, frequently asked questions, and useful contacts for consumers.

We have included some brochures, and hope that you can make them publicly available for the consumers in your area. These brochures are also available on our website:
<https://www.ag.ks.gov/divisions/civil/licensing-inspections/scrap-metal-dealers>.

If you ever have any questions or concerns regarding scrap metal dealers in your area, please feel free to contact us, and we will provide as much help as we can.

Sincerely,

Christa Nioce
